

FARID CHAIRUL AZHAR

Computer Science Student | Data Analyst & Machine Learning

Jakarta, Indonesia | +6285280962029 | faridchairulazhar@gmail.com | [LinkedIn](#) | [Github](#) | [Portfolio](#)

Summary

A Computer Science student at Gunadarma University with a strong interest in Data Analysis and data-driven decision making. Experienced in working with datasets using Excel, SQL, and Python, with hands-on experience in Pandas and NumPy for data processing and exploration. Skilled in turning raw data into meaningful insights through structured analysis and problem-solving. Strong communicator and collaborative team member with experience working on real-world projects.

Skills

- **Data & Database:** SQL, SQL Server, Oracle, Database Systems, Excel, Data Cleaning
- **Tools & Workflow:** Git, Jupyter Notebook, VS Code
- **Data Analysis & Machine Learning:** Python, Pandas, NumPy, Exploratory Data Analysis (EDA)
- **Deep Learning:** TensorFlow, Keras, Transfer Learning
- **Web Development:** React, Node.js, Laravel, Blade, PHP, HTML, CSS, MySQL
- **Tools:** GitHub, Visual Studio Code
- **Languages:** Indonesia (native), & English (intermediate)

Experience

VINIX7 – Internship Program

Feb 2026 – Jun 2026

Data Analyst Division

Tools & Technologies: Excel, Spreadsheet, Tableau | [\[Certificate\]](#)

- Built a Tableau dashboard using 5,525 patient visits across 5 polyclinics to track waiting times, payment methods, and patient demographics.
- Analyzed 1,524 cases with 60+ minute waiting times, finding longer waits among elderly BPJS patients visiting in the morning with 389 visits averaging 74.4 minutes.
- Analyzed 187 hotel customer reviews to find common service issues and rating patterns for improvement recommendations.

Projects

Academy Next Top Model Website

Jul 2026 – Aug 2026

Freelance Project | Web Developer

Tools & Technologies: Laravel, PHP, Flask, Python, MySQL | [\[Github\]](#)

- Maintained and improved the Laravel-based Academy Next Top website for a freelance client.
- Developed a hybrid AI chatbot using Flask with static FAQ handling, MySQL-based dynamic queries, multi-intent detection, and context-aware responses.
- Built admin dashboard features for managing chatbot data and configurations, with sensitive topics redirected to WhatsApp.
- Achieved 88.89% test accuracy and 87.50% average accuracy across evaluations.

UMKM Laundry Website

Oct 2025 – Dec 2025

Community Service Project | Project Manager

Tools & Technologies: Laravel, Blade, MySQL, Figma | [\[Github\]](#) [\[Figma\]](#)

- Managed project planning, task allocation, and development progress for a laundry business website.
- Designed the UI and page layouts for the company profile and laundry service pages using Figma.
- Developed service management features for customer records, transactions, and daily workflows using Laravel, Blade, and MySQL.

Explainable ECG Diagnosis Web App

Feb 2026 – Apr 2026

Thesis Project (Skripsi) | Individual | Gunadarma University

Tools & Technologies: React (Vite), FastAPI, Python, CNN-BiLSTM-Attention, Grad-CAM | Links: [\[Github\]](#) [\[Web\]](#)

- Built a full-stack ECG analysis web app using CNN-BiLSTM-Attention for 3-class cardiac disease

- classification, achieving 85.16% accuracy and 82.57% F1-score.
- Developed a FastAPI-based pipeline supporting npy, npz, and WFDB ECG uploads with integrated preprocessing and model inference connected to a React frontend.
- Implemented Grad-CAM explainability to visualize model decision regions and designed a React interface for ECG upload, results, and interpretation.

Education

Gunadarma University – Depok, Indonesia	Aug 2022 – Dec 2026
<i>Bachelor's Degree in Informatics Engineering GPA: 3.51/4.00</i>	
Scientific Research: <i>Prediction of Heart Disease Types Based on ECG Signals Using 1D-CNN and BiLSTM</i> [Certificate]	

Certifications

• Data Science Course – Second Case [Certificate] Gunadarma University	2026
• Data Science Course – First Case [Certificate] Gunadarma University	2025
• Python MS Excel Automation Learn Excel Data Analysis [Certificate] Udemy	2025
• Training Oracle For Beginner [Certificate] Gunadarma University	2025
• Training Fundamental Web Programming [Certificate] Gunadarma University	2024
• Training SQL Server For Beginner [Certificate] Gunadarma University	2024
• Training FUNDAMENTAL DBMS [Certificate] Gunadarma University	2023

Organisational Experience

SNAP Photography Universitas Gunadarma - Depok, Indonesia	Sep 2023 - Aug 2024
<i>Staff Of External Public Relations Division</i>	
Organisational Internal Campus	
- Coordinated and managed organization events, including meetings, workshops, and promotional activities, to keep participation and support consistent. - Built partnerships with SMEs and other campus organizations to support collaboration. - Proposed and helped run creative initiatives, such as visual campaigns and collaborative projects, to strengthen the organization's appeal.	
Exhibition Bhavadarshana - Depok, Indonesia	Dec 2023 - Mar 2024
<i>Head Of Sponsorship Division</i> [Certificate]	
Photography Exhibition Event	
- Led sponsorship acquisition researched and approached potential partners, negotiated agreements, and managed sponsor relationships across event media and communication channels. - Secured 5 key sponsors, 3 media supports, and 14 media partners, contributing to event funding and brand visibility.	
Seminar Photography - Depok, Indonesia	March 2023
<i>Coordinator of Event & MC</i> [Certificate]	
A Forum for Developing the Skills and Knowledge of Photography Professionals	
- Led event planning by developing the concept, theme, and overall rundown. - Coordinated team responsibilities and cross-division execution. - Served as Master of Ceremony, leading the event flow and engaging participants. - Drew an audience of 54 participants.	
Exhibition Awal Karya - Jakarta, Indonesia	Feb 2023 - Mar 2023
<i>Head Of Event Division</i> [Certificate]	
Photography Exhibition Event	
- Responsible for conceptualizing, theme development, and overall execution of the event. - Defined team responsibilities and coordinated cross division efforts to ensure smooth event execution. - Drew an audience of 648 people.
